

Grade Recorder Environmental Biology (online class).

You may **PRINT** this page and use it to record your grades. (Save trees, don't print unless you are going to use it, and try to reduce the number of pages used. One way to print it is to first save it as a pdf file, then print the pdf file.) Note that the instructor will not post any grades. Some assignments are graded by Blackboard and are automatically posted in "**My Grades**". Some grades are "all or nothing" -- **100 percent earned automatically if submitted as per the instructions** -- and grades will not be posted.

To get the total course grade at the end of the semester, add the numbers filled in on the blank grade lines (for further information see the **Grading Criteria** on the Class Hub page. Add the numbers together -- a perfect score is 100, minimum 90 is an A, minimum 80 is a B, and so on.

There is also for your convenience a notation space for **deadlines**, which you can obtain in the **Semester Calendar** on the Class Hub page.

All Assignments (100p):

1

Category I. Syllabus and Class Introduction (total 7p)

_____ (1p) -- Student Contract Quiz. *Primary Deadline:* _____

_____ (2p) -- Introduction post. *Primary Deadline:* _____

(A grade can only be earned for this assignment if all Endterm "Final" Exam parts have been submitted, and all prerequisites.)

Deadline: _____

Semester Number Grade: _____ (max 100p)

Letter Grade reported to STC: _____ (Number grade above 90 = A, number grade above 80 = B, and so on...)

PLAGIARISM NOTE: Students copying other students work -- plagiarizing in ONE assignment is all that it takes -- will EARN a ZERO on that assignment. If the plagiarism is in a bulletin board, all assignments requiring submission in a bulletin board will earn the grade zero -- and depending on severity may be reported to the college.

The grading criteria for a particular class may be changed due to unforeseen circumstances to meet the needs of a particular class. The instructor therefore reserves the right to alter (add, delete, or revise) any items of the above, online or via verbal instructions in class. The student is responsible for taking note of any such changes and acting accordingly.
