

Viruses and Bacteria

I. Classification

- Common ancestor
- Taxonomic categories
- Domains and kingdoms

II. Evolution

- Evolutionary Trees
- Adaptations
- Natural Selection

III. Viruses

IV. Eubacteria (Domain: Bacteria)

- Prokaryotic
- Asexual vs. Sexual reproduction
- Aerobic vs. Anaerobic bacteria
- Bacteria Classification

V. Archaeobacteria (Domain: Archaea)

- Methanogens
- Halobacteria
- Thermo(Acido)philic bacteria
