

PROTISTA (Organisms to identify in the laboratory)

-- microscopic specimens included (large specimens not listed)

Plant-like protistans (Algae)

Phylum: Chrysophyta (Diatoms) (If slides with specimens are available)

Phylum: Pyrrophyta (Dinoflagellates) (No specimens in the lab)

Phylum: Euglenophyta (Euglenas)

-- Euglena

Phylum: Chlorophyta (Green Algae)

-- Volvox

-- Spirogyra

Phylum: Phaeophyta (Brown Algae)

Phylum: Rhodophyta (Red Algae)

Mold-like protistans (No specimens in the lab)

Animal-like protistans (Protozoa)

Phylum: Sarcodina (or Rhizopoda) (Amoebas)

-- Amoeba

Phylum: Ciliophora (Ciliates)

-- Paramecium

Phylum: Sporozoa (Sporozoans) (No specimens in the lab)

Phylum: Zoomastigophora (Zoo flagellates)

-- Trypanosoma
