

Protista

I. General Characteristics

- Kingdom of Crossroads
- Cell Organization
- Reproduction and Life Cycle
- Habitat

II. Endosymbiotic Theory

III. Classification

i. Plant-like Protistans

- Phylum Chrysophyta
- Phylum Pyrrhophyta
- Phylum Euglenophyta
- Phylum Chlorophyta
- Phylum Phaeophyta
- Phylum Rhodophyta

ii. Mold-like Protistans

- Phylum Oomycota
- Phylum Myxomycota

i. Animal-like Protistans

- Phylum Sarcodina
- Phylum Ciliophora
- Phylum Sporozoa
- Phylum Zoomastigophora
